Who We Are

Lancaster County Joining Forces aims to support and coordinate efforts to reduce deaths from opioids and heroin. In doing so, we strengthen the great work already happening in communities throughout the County, while allowing us to identify gaps in services and treatments so that we can save lives together.

The goal is to focus on evidence-based practices outlined by the Substance Abuse and Mental Health Services Administration (SAMSHA) and the Centers for Disease Control and Prevention (CDC) to reduce exposure to opioids, prevent misuse, and treat opioid use disorder.
